FUEL GROWTH.
UNLOCK POTENTIAL.

PURE NUTRITION. POWERFUL RESULTS.

PURE AMINOS is a high concentration, free amino acid product in levogyre form (30% L-amino acids) engineered to deliver rapid, measurable results in turf performance and resilience.

NOURISHES AT THE CELLULAR LEVEL
Stimulates cellular growth and nutrient absorption.

SUPPORTS & PROTECTS
Increases turf immunity and helps resist biotic & abiotic stress.

BUILDS STRONGER TURF FROM THE ROOTS UP
Enhances root activity, tissue recovery, and plant vigor.

COMPOSITION

Free Amino Acids	30,00 % w/w
Total Nitrogen (N)	4,30 % w/w
Organic Nitrogen (N)	3,90 % w/w
Density	1,24 g/cc (10,35 lbs/gal)
Low in Biuret	

AVAILABLE SIZES

- ○ 1 L (1,24 Kg)
- ○ 5 L (6,20 Kg)
- ○ 10 L (12,40 Kg)
- ○ 20 L (24,80 Kg)

PURE Insight™

PURE AMINOS

RAPID ACTION BIOSTIMULANT

ADVANCED AMINO ACID TECHNOLOGY FOR STRONGER, HEALTHIER TURF

MODE OF USE

PURE AMINOS is effective both as a true foliar or root absorbed product. Both have unique qualities to enhance turfgrass performance.

As a **foliar application,** PURE AMINOS acts as a catalyst and activator of key internal plant stimulant actions by stimulating positive turfgrass performance through introduction of key mix of amino acids and peptides most needed by turf. When combined with other plant protectant or foliar nutrient products, **PURE AMINOS** enhances the effects by acting as a penetrating and transport vehicle due to its unique wetting and binding power.

As a **root application,** PURE AMINOS provides the soil and active rootzone with key nutrients readily taken up by adventitious roots leading to more root stimulation while improving the soil's beneficial microbiological activity, humification, mineralization and important chelating activity.

TURFGRASS APPLICATION:

Foliar: Apply as a foliar application at a rate of 5–8 L/Ha (1.6–2.5 oz/M) and allow to dry on the leaves before irrigation or other subsequent applications.

Carrier rate: 200–400 L/Ha (21–43 gal/A) with well dispersed droplets for full foliar coverage.

Rootzone application: Apply at 5–8 L/Ha (1.6–2.5 oz/M) and follow immediately with enough irrigation to penetrate evenly to 6 cm (2.36 inches) depth. Be careful not to overwater.

Interval: Apply every 10 – 14 days for best results. If adjusting to tighter intervals, reduce application rate accordingly. Longer intervals can diminish the full effect of foliar activity on new young leaves that are constantly being regenerated otherwise.

PRECAUTIONS

The user assumes all risks associated with handling and application. Store in original packaging in cool, dry conditions out of direct sunlight. Best stored between 4,5°C – 45°C.

For best results, consult with a **PURE INSIGHT** representative.

This product is compatible with most foliar nutrition or plant protectant products and best mixed with other **PURE INSIGHT** products. However, conduct a jar test or turf test to determine complete compatibility when mixed with other products.

S13 "Keep away from food, beverages and animal feed".
S2 "Keep out of the reach of children".

PURE Insight™

DESIGNED TO DELIVER RESULTS THAT MATTER.

EFFICIENT N UTILIZATION
Maximizes nitrogen uptake and performance.

REDUCES STRESS IMPACT
Helps minimize stress on cell division.

STIMULATES ROOT GROWTH
Drives strong root development and new root generation.

ENHANCES TISSUE RECOVERY
Speeds recovery from damage caused by biotic or abiotic stress.

TANK MIX FLEXIBILITY
Safe to mix with other PURE products anytime.

EFFECTIVE AT LOWER RATES
Delivers performance even at cut rates on tighter intervals.
